

Scholastic Book Clubs offer the best books and software at the lowest prices. Get books for as little as 95 cents and save up to 50% on software – plus there are no shipping or handling charges.

Scholastic Clubs also offer you benefits you can't get anywhere else including:

- Amazing Selection – Monthly catalogs carry a range of grade-appropriate materials for grades PreK-8. Book Clubs offer award winners, classics, references, and the latest fiction and nonfiction. All titles are specifically reviewed and selected by Scholastic editors.
- Classroom Rewards – With every Club order, I earn free classroom materials and rewards. So when you order books or software for home, you help me get high-quality learning tools at daycare as well.
- Convenience – Ordering from the Clubs is the easiest way to get books for your child. The teacher distributes flyers in the classroom. Your child brings the flyer home, selects items (with your help), then returns the order form and payment to the teacher. Items are delivered to your child in the classroom within two weeks.

The best part is that Scholastic Clubs help your child discover the wonderful world of reading and learning!

Enclosed you will find the following book orders for September:

- HoneyBee Book Club – Toddlers to Fours
- Firefly Book Club – Preschool and Kindergarten

Please feel free to order from one or both of the above book orders and if you have any questions, please don't hesitate to call me. Thanks!!
